

Office of Christine Lizardi Frazier  
Kern County Superintendent of Schools  
*Advocates for Children*

**CSIS USABILITY DESIGNER/ENGINEER**

**SUPPLEMENTAL APPLICATION**

Please provide a brief response to the following questions. You may use additional pages to complete your answers.

1. Describe your experience in the design, development, and implementation of software applications. Be specific as to the role(s) that you performed in this effort and the technologies you used.
2. What are some key graphic, web and software design usability principles and limitations associated with these environments when designing and developing software?
3. Describe a methodology for ensuring design, analysis and development of software products and services that result in a positive client experience.
4. What are some key areas to consider in an organization's web communications strategy?

I certify that all statements provided herein are true and correct to the best of my knowledge and that all statements were prepared by me.
