# Kern County Community School 2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year) 

## General Information about the School Accountability Report Card (SARC)

SARC Overview

## DataQuest

## California School Dashboard

## Internet Access

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

The mission of Kern County Community School is to meet the unique educational, social, and emotional needs of our diverse student population in a safe and nurturing environment to encourage students to develop an enthusiasm for life-long learning and pursue post-high school opportunities. We empower students to develop skills necessary for success in a 21 st century global society. The program focuses on developing the "whole student," by emphasizing transferable skills leading to academic success and productive citizenship along with career and college readiness preparation.

Community School is operated by the Kern County Superintendent of Schools Office and serves students in grades K-12. Six program locations positioned throughout the county provide support to the county's 46 school districts. Two school sites are located in Bakersfield and serve approximately $50 \%$ of the total enrollment for Community School. The other four school sites are located in Delano, Lake Isabella, Mojave, and Taft.

Community School is designed to work closely with and support the efforts of Kern County schools and districts, parents, the Kern County probation department, and other related agencies. Academics are tailored to individual student needs and are intended to provide the foundation for educational success. The goal of Community School is to support students in becoming productive members of the community by providing quality educational opportunities. The year-round program of Community School benefits students who have experienced educational deficits during the regular school year. The student population served is primarily transitory and short term.

## A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1 ):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## School Facility Conditions and Planned Improvements

Community School provides safe environments for student learning, utilizing classroom and independent study instructional strategies. School facilities are well maintained and provide adequate space for students and staff. The KCSOS maintenance and operations department continuously monitors school sites to ensure that classrooms and facilities are in good repair and conducive to a productive learning environment. Emergency maintenance needs are given the highest priority. A Williams Settlement notice is posted in all classrooms describing the procedures to be taken if any student, parent, staff, or community member determines a facility has not been adequately maintained.

Community Learning Center (CLC) is located in Bakersfield on the Kelly F. Blanton Student Education Center campus. CLC has space for a junior high classroom program in addition to independent study classrooms and a Learning Center for students who receive Special Education services. This school site has office space to house administrative and office staff in addition to support providers.

CLC Tech is also located on the Kelly F. Blanton Student Education Center campus. This large school site can accommodate 10 classrooms, including space for a Learning Center for students who receive Special Education services. Additional office space is available for office staff, administration, and both in-house and contracted support providers.

East Kern Community School is located in Mojave and contains a large space to provide instruction through independent study. There is also front office space for clerical support.

Lake Isabella Community School has an office and classroom space for a teacher to meet with small groups of students.
North Kern Community School, located in Delano, has an administration building and multiple classrooms to provide instruction in either a classroom or independent study environment. There is also a Learning Center classroom to support students who receive Special Education services. The site also has a multi-purpose building with a full kitchen and stage.

West Kern Community School is located in Taft. Depending on enrollment, one to two teachers meet the needs of the surrounding communities in an office environment. The instructional program is supported by a school clerk.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

## Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

## College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.
Science test results include the CAST and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2022-23 Career Technical Education Programs

During the 2022-23 school year, KCSOS offered career courses linked to a wide range of pathways which were available to all students through the Edmentum online learning platform. These courses are supported by the academic teaching staff who together ensure linked learning opportunities and connections. A career readiness course aligned with the CTECS (Career \& Technical Education Consortium of States) job readiness exam is available to Community School students. ServSafe certification is embedded into this course. KCSOS also offers a WIOA-funded JobsPlus! course for transitioning juniors and seniors to build soft skills, earn industry-recognized certifications, and allow students to participate in paid work-based learning. North Kern Community School (NKCS) students participate in hands-on career readiness activities through an on-site STEM lab. Additionally, classes are offered both online and in-person throughout the school year for all community school sites leading to industry certifications in OSHA forklift safety, CPR, AHLAI Hospitality, and ServSafe. Due to the short average length of enrollment in community schools, KCSOS does not have CTE pathway completers. KCSOS students earned 387 industryrecognized certifications in 2022-23. CTE certifications earned are entered into Aeries when received. KCSOS is part of the Alliance for College and Career Pathways collaborative and the Central/Mother Lode Regional Consortium that provide forums to connect with industry representatives, secure CTE funding, and to coordinate pathways between traditional high school districts, KCSOS, and the Kern Community College District. Kern Youth @ Work is also represented on the Bakersfield College Child Development Collaborative, Kern High School District's Regional Occupational Center Partners, and on the KCSOS Kern Pledge College and Career Ready inter-agency work group. Habitat for Humanity, Kern Family Healthcare, Kern Behavioral Health, Kern County Aging \& Adult Services, KCSOS Transportation, KCSOS Central Kitchen, KCSOS Maintenance \& Operations, and Kern County Juvenile Probation all provide pathway support and guidance as valued industry partners.

## C. Engagement

## State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2023-24 Opportunities for Parental Involvement

Parents are considered a critical component of the educational process. All efforts are made to involve parents, beginning with a student/parent orientation conference upon initial enrollment. Community School has policies and procedures for parental contact regarding student progress and attendance. Teachers send home written performance reports as needed, and maintain contact logs to document parent/guardian telephone contacts. Parents are able to access information related to their child's attendance and performance through the Parent Portal. Community School hosts Back to School Night events each year. Parents are invited to meet with their child's teacher(s) to discuss classroom procedures, expectations, and grade level curriculum, and to visit a variety of booths that provide information regarding the available resources. Through the English Learner Advisory Committee (ELAC), information is also made available to parents regarding the importance of student attendance, various topics of concern to English learners, and participation in ELAC.

Town Hall meetings are conducted at Community School sites to explain the LCFF/LCAP process and share data. Parents are given the opportunity to provide feedback through the electronic LCAP survey. Hard copies of the survey are made available to those that need it.

For more information regarding parental involvement opportunities, please contact Molly Mier, Director of Alternative Education, at (661) 852-5570.

## Professional Development

The Alternative Education program regularly conducts needs assessments to determine the professional development needs of instructional staff. Input is gathered from a variety of sources including, but not limited to, surveys, observations, and student achievement data. This input is used to help guide the planned professional development each school year. During the 202223 school year, professional development was focused on supporting teachers and paraprofessionals with implementing Common Core State Standards-aligned curriculum, utilizing technology in the classroom, ELD supports, and trauma informed practices. Professional development for the 2023-24 school year will focus on providing support related to academic coaching, Universal Design for Learning, ELD supports, and trauma informed practices.

The Alternative Education program utilizes a variety of methods to deliver professional development and support implementation of curriculum and instructional strategies. Instructional staff attend workshops/trainings lead by the program's teacher specialists and members of the KCSOS Instructional Support division. In addition, staff may attend conferences/trainings presented by outside agencies. Follow-up and support is provided to instructional staff through formal and informal observations, coaching, mentoring, and collaboration with peers.
