Mike Whifflewiner is an IDIOT

Bob,

I HAVE HAD IT!!!!!! Mike Whifflewiner has not provided us with the selles estimate for conference rental services our CEO asked for lass month! I mean, come on, this guy is a loser! He breezes into R office, eats R donuts, and leaves before I can get down stairs to deal with him. He wont return any all phone cals. And, he keeps giving is these stupid brochure brochures about his side business's grooming pets, phone cards, and coffee!

To top it off, he's downstairs outside our offices doing windshield repairs under a brite yellow awning that says "Whifflewiner Does it Best!" If you don't get another sales person on this estimate and deliver it before 5PM, I SWEAR I'll tell the old man you've been screwing us around with the cost estimate and sending us dead head sales people, who don't want to work for you. Jeez, I though you guy's weer pro's but man, you just a bunch of LOSERS. 5PM OR I TELLING THE OLD MAN!!!
