6. SACS Software updates	Peggy O’Guin
7. MAY REVISE – LCAPS <ul style="list-style-type: none"> • A COE has no statutory authority to require an LCAP revision. Regulations do require districts to estimate their Supplemental and Concentration grant amounts and minimum proportionality percentage for the fiscal year for which the LCAP is adopted using "the most recent [gap closure] percentage calculated by the Department of Finance. (5 CCR 15496(a).) Does the COE approve, conditionally approve, or disapprove a district’s budget if they did not include the May Revise new GAP percentage? 	Cynna Hinkle

<ul style="list-style-type: none"> • What each COE is advising for text in box 3a and 3b since the amount/percentage will be a lot different than what is in the district LCAPs. • Statute does provide for revisions to a district's LCAP but there is no current statute that requires a revision under specific circumstances or at a certain time. Depending upon the local needs, COEs could encourage districts to re-engage their stakeholders by re-opening discussions around the use of the increased supplemental and concentration dollars resulting from the increased gap percentage either before or after adoption of the LCAP, but again, post-adoption engagement tied to a revision is not required. Any revision to an LCAP requires the district to follow the same process it followed when adopting the LCAP. (Ed. Code Section 52062(c).) 	<p style="text-align: center;">Ann Walsh</p> <p style="text-align: center;">Priscilla Quinn</p>
<p>8. AB1522 Sick Leave</p>	<p style="text-align: center;">John Wilborn</p>
<p>9. MYP Budgeting for upcoming reductions in EPA</p>	<p style="text-align: center;">Adrian Barron</p>
<p>10. We are experiencing issues with DTS giving our districts advice that they LCAP program is sufficient to meet the state requirements & it has been going back & forth between the SBE & CDE on different things. Now they are indicating that the word "other" can be used for funding sources in the LCAP when the regulations require more specific description. They indicated to our districts that other county offices are accepting the "other" funding source as acceptable. We would like clarification on what other counties are doing & if CDE/SBE feel this is acceptable.</p>	<p style="text-align: center;">Cynna Hinkle</p>
<p>11. How many districts are expecting more CEA deficiencies and are concerned about the ramifications of granting waivers?</p>	<p style="text-align: center;">John Wilborn</p>
