

**KERN COUNTY SUPERINTENDENT OF SCHOOLS
REVISED/APPROVED MAY 2021
SALARY SCHEDULE: #22
CLASSIFIED MANAGEMENT – OVERTIME EXEMPT
CODE: 6, 8**

COORDINATOR II – TECHNOLOGY SERVICES

DEFINITION

Under supervision of the Chief Technology Officer, the Coordinator of Technology Services is responsible for ensuring the continued, efficient operation of information technology resources owned or supported by the Kern County Superintendent of Schools Office (KCSOS).

The Coordinator of Technology Services will oversee the planning, development, and day-to-day operations of departments within the Division of Technology Support Services.

EXAMPLES OF DUTIES

Direct supervision of the User Support staff, including personnel planning, coaching, professional development, evaluation, and workload scheduling;

work with Facility staff to organize major installations, plan equipment upgrades and staff relocations;

work collaboratively with all KCSOS divisions and external technical consultants to ensure effective technical support for large scale technology projects.

directly supervise assigned services staff responsible for installation and operation of technology equipment for special events and presentations to ensure the successful execution of services;

coordinate services staff in supporting distributed software and services at the desktop support level;

meet with site personnel, technicians, teachers, and administrators to identify needs, successes, shortcomings, and plans for resolution or improvement;

enforce network file server and desktop standard configurations and enforce documentation, service desk, and reporting standards;

coordinate, direct and participate in the installation and upgrading of computer software, hardware, and peripherals such as cables, printers, and scanners;

collaborate with other divisions to organize and schedule workshops and classes for management and personnel on software applications

coordinate User Support staff in the evaluation of new equipment and software, as well as the development of purchasing proposals;

monitor services desk tickets, ensure services desk staff ticket completion rates and service desk staff members are documenting and closing tickets as directed;

provide support with trouble-shooting problems and the installation of hardware and peripheral components, such as scanners, monitors, keyboards, printers, disk drives, and network interface cards;

coordinate work assignments and review work to assure compliance with established standards, requirements, and procedures;

assist with formal and informal technology skills assessment and assist staff with analyzing and interpreting data;

assure proper installation and maintenance of server, printing and workstation hardware and software, and testing of applications to assure proper operation;

calculate and prepare cost estimates;

respond appropriately and within reasonable times frames to requests;

work with the Technology Engineering Coordinator, Chief Technology Officer, and other Technology leadership to establish department procedures and best practices;

perform other duties as assigned.
