

# Find a Dentist

in the SISC Dental Health Network

## Are you looking for a dentist?

### It's easy to find one online

The right dentist can have a positive impact on your health and well-being. Choosing one in your plan can save you money as well. The **Find Care** tool helps you locate dentists in your plan. If you decide to see a dentist outside your plan, your costs will be higher and your care may not be covered. Therefore, it is a good idea to learn how this convenient tool can help you find care.

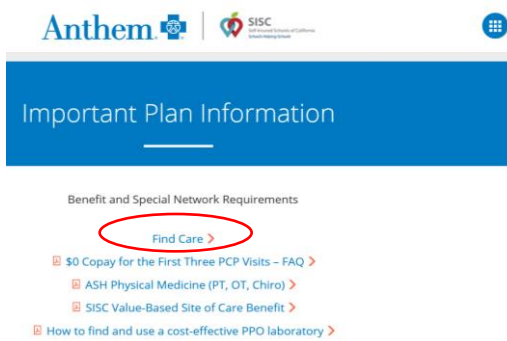

## How to find dentist near you:

### STEP 1

Go to [anthem.com/ca/sisc](https://anthem.com/ca/sisc)

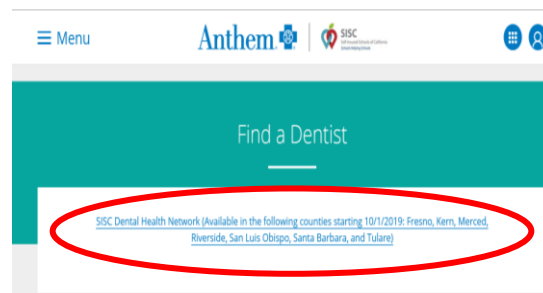

Select **Find Care**

### STEP 2

Scroll down to **Find a Dentist**

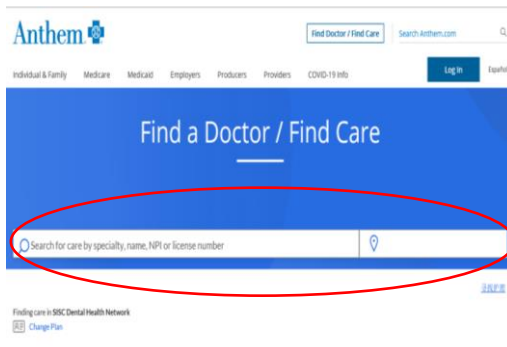

Select **SISC Dental Health Network**

### STEP 3

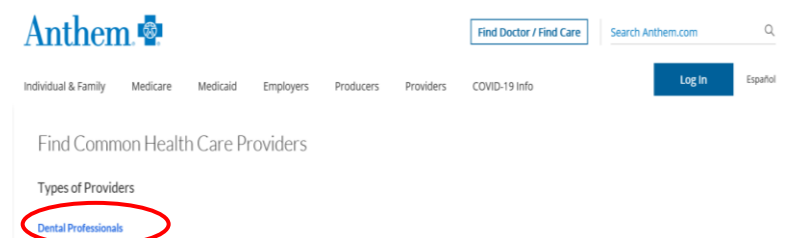

Enter information in **Search for care by specialty, name, NPI or license number**

Enter information in **City or County or Zip**

### STEP 4

Select **Dental Professionals**

### STEP 5

**Select a provider** to see more details such as specialties, gender, languages spoken, training, a map of their office location, and phone number.

## Health information that goes where you go

The **Sydney Health app** makes it easy to find information about your plan benefits wherever you are. The app keeps everything you need to know about your plan personalized and in one place. Download the app today.
