

WHAT IS IT?

A 10-16 week parent training program designed specifically for parents of strong-willed or out-of-control children. The curriculum teaches parents how to stop negative behaviors (poor school attendance and performance, alcohol and other drug use, gangs, runaways, and violent teens), and how to open positive two-way communication with the child.

HOW DOES IT WORK?

Parents attend and learn in a classroom setting to manage teen behavior problems at home.

The focus of the program is to help parents learn specific ways to help change negative behavior.

An activity based 216-page workbook, "A Parent's Guide to Changing Destructive Adolescent Behavior," is available *only* to program participants.

Parents meet one time per week, two to three hours per session, between 10-16 weeks.

Parent support groups are formed using the UCLA, Self-Help Support Group model.

WHO SPONSORS AND TEACHES THE PROGRAM?

The Parent Project® is presented by Schools, Police and Probation Departments, Mental Health Agencies, Churches and other Community Based Organizations.

There are over 3,500 trained facilitators in 36 states across the U.S., who have successfully completed to 40-hour *Parent Project*® Facilitator Training

There are over 300 trained *Parent Project*® Facilitators in Kern County

WHY THE PARENT PROJECT®?

Thirteen years in development, the *Parent Project*® is the only course of its kind. It was developed in direct response to the questions and challenges parents say they are facing with their strong-willed teenager.

Over 150,000 families have attended *Parent Project*® classes nationwide.
