Contact Directory for Foster and Homeless Youth With Special Education Needs

The Contact Directory for Foster and Homeless Youth with Special Education Needs is meant to be used by agency staff working with this special population. The directory is a result of the efforts of an ad hoc workgroup that met during 2011-12 to collaborate on the provision of assessment, placement, and services for foster and homeless youth with special education needs. The workgroup's task was to analyze current conditions and to problem-solve solutions. This is an updated version of the efforts of the ad hoc workgroup.

The directory is a useful tool in that it provides contacts for the various agencies that provide placement, education, and mental health services for foster and homeless youth with special needs.

The Kern County Consortium SELPA recognizes the efforts of staff from several agencies that contributed to the development of this directory: Bakersfield City School District SELPA, Kern County Consortium SELPA, Kern County Department of Human Services, Kern County Department of Mental Health, Kern County Network for Children, Kern County Probation, and Kern High School District SELPA.

Updates and additions to the directory should be sent to:
