The Conductor's Spellbook

Interactive, Educational, and Inspiring

The Conductor's Spellbook transforms the theater into a world of music, imagination, and discovery.

When young Tony Stradivarius discovers a mysterious spellbook during a visit to the symphony, he suddenly finds himself conducting the orchestra. As Tony experiments with magical musical spells, students discover how instruments create sound, explore the families of the orchestra, and learn how a conductor brings music to life.

- Discover how instruments create sound
- Explore the four families of the orchestra
- Learn how a conductor leads musicians
- Participate in interactive musical activities
- Experience music through storytelling and imagination
- Learning materials included
