

# LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Di Giorgio Elementary School District

CDS Code: 15634200000000

School Year: 2022-23

LEA contact information:

Jennifer Allen

Superintendent

jallen@digiorgio.k12.ca.us

6618542604

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

## Budget Overview for the 2022-23 School Year

### Projected Revenue by Fund Source

This chart shows the total general purpose revenue Di Giorgio Elementary School District expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Di Giorgio Elementary School District is \$5,730,444, of which \$3,495,958 is Local Control Funding Formula (LCFF), \$466,500 is other

state funds, \$203,000 is local funds, and \$1,564,986 is federal funds. Of the \$3,495,958 in LCFF Funds, \$818,878.00 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

## LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Di Giorgio Elementary School District plans to spend for 2022-23. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Di Giorgio Elementary School District plans to spend \$4,164,313 for the 2022-23 school year. Of that amount, \$1,219,178 is tied to actions/services in the LCAP and \$1,619,703 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

General fund expenditures not included in the LCAP include general operating expenditures, salaries of administrator, certificated and classified staff, expenditures for books and supplies, school facilities and maintenance, general overhead such as gas, water and electricity.

### **Increased or Improved Services for High Needs Students in the LCAP for the 2022-23 School Year**

In 2022-23, Di Giorgio Elementary School District is projecting it will receive \$818,878.00 based on the enrollment of foster youth, English learner, and low-income students. Di Giorgio Elementary School District must describe how it intends to increase or improve services for high needs students in the LCAP. Di Giorgio Elementary School District plans to spend \$818,878.00 towards meeting this requirement, as described in the LCAP.

## LCFF Budget Overview for Parents

### Update on Increased or Improved Services for High Needs Students in 2021-22

This chart compares what Di Giorgio Elementary School District budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Di Giorgio Elementary School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2021-22, Di Giorgio Elementary School District's LCAP budgeted \$717,923.00 for planned actions to increase or improve services for high needs students. Di Giorgio Elementary School District actually spent \$438,308.96 for actions to increase or improve services for high needs students in 2021-22.

The difference between the budgeted and actual expenditures of \$279,614.04 had the following impact on Di Giorgio Elementary School District's ability to increase or improve services for high needs students:

Due to the uncertainty of the pandemic, many planned actions such as student activities, implementation of new programs, and professional development for staff were not fully implemented. As Covid restrictions continue to be less restrictive, the district will re-evaluate progress and restore programs, professional development, and activities for students. Funds will be expended in order to best meet the needs of students.

# Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Di Giorgio Elementary School District	Jennifer Allen Superintendent	jallen@digiorgio.k12.ca.us 6618542601

California’s 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. The following is a one-time mid-year report to the local governing board or body and educational partners related to engagement on, and implementation of, these Acts.

A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).

The Di Giorgio Elementary School District engages in the continuous improvement process throughout the year. Throughout the LCAP development process, the LEA receives input on a variety of district programs and services provided to students. Purposeful engagement efforts are in progress that supports planning for determining prevention and mitigation strategies, and strategies to address the academic impact of lost instructional time. The funds provided by the Budget Act of 2021 were not included in the Local Control Accountability Plan (LCAP). Therefore, while engaging with our educational partners to plan for the spending of the funds provided by the Budget Act of 2021, district administration reflected on input received from community members during the development of the Extended Learning Opportunities Grant Plan (ELO), Educator Effectiveness Block Grant (EEBG), and the Elementary and Secondary School Emergency Relief Fund (ESSER) as well as consulted with the following educational partners: students, families (including that speak languages other than English), school and district administrators, Special Education Local Planning Area administrator, teachers, local bargaining units, all other personnel, and representatives of underserved students, including low-income and English Learners, students with disabilities, and migratory students. The LEA has engaged educational partners during the 2021-22 school year as follows:

- The Extended Learning Opportunities Grant Plan was reviewed by the District Advisory Committee. The plan was Board approved on May 19, 2021
- A public meeting/forum was held on November 17, 2021 regarding the Educator Effectiveness Block Grant. Board approval was December 15, 2021.
- A public meeting/forum is planned on April of 2022 regarding the Expanded Learning Opportunities Program.

A description of how the LEA used, or plans to use, the additional concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.

The Di Giorgio Elementary School District is using the concentration grant add-on funds received consistent with California Education Code Section 42238.02, as amended, to increase and retain the number of certificated and classified staff who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment. The positions are as follows:  
Maintain staff to provide one teacher per grade level K-8 and avoid combination classes. Avoiding combination classes will better support the academic needs of our unduplicated pupils by allowing teachers to provide more focused instruction based on CCSS  
Maintain library media, management software, increase in hours and provide Professional Development for Library Clerk in order to maintain titles that are culturally relevant to our English Language Learners and Socioeconomically Disadvantaged students  
Maintain current paraprofessional support for ELD Program to provide the needed support during small group instruction.  
Maintain hours of part-time certificated staff to coordinate, implement ELD program and analyze ELPAC and local assessment results to target student needs in specific domains  
Continue to support After School Program with tutoring services

A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.

Throughout the LCAP development process, the LEA receives input on a variety of district programs and services provided to students. Due to limited LCFF resources, not all these expressed needs can be addressed in the LCAP, however this feedback has been considered in the use of additional funds received. At the beginning of the 2021-2022 school year, feedback was solicited from the DESD educational partners, including parents, students, local bargaining units, special education administrator, and district/site administration for the ESSER III Expenditure Plan via electronic survey. In conjunction with feedback and input from the prior school year and the recent feedback from stakeholders DESD developed the ESSER III Expenditure Plan to address the most pressing needs as determined by stakeholder feedback. Stakeholder groups that contributed to the development of this plan include students, parents/guardians, teachers, support staff, parents/guardians of students with disabilities, parents/guardians of English Learners. Prior to the October 20, 2021, DESD Governing Board meeting, the ESSER III plan will be posted on the DESD website.  
The Di Giorgio School District evaluated its stakeholder engagement opportunities and determined that Civil Rights Groups, Tribes, and Advocates are neither present nor served by the LEA.

In addition, the LEA has engaged Educational Partners during the 2021-22 school year as follows:

-In September of 2021, a survey was sent out to parents, staff, and students soliciting input on the ESSER III Expenditure Plan. The ESSER III Expenditure Plan was Board approval was on October 20, 2021.

<https://digiorgio.k12.ca.us/wp-content/uploads/2021/10/ESSER-III-Template-Di-Giorgio.pdf>

-Briefly describe efforts used when planning expenditures for other federal resources (CARES Act- LLMF, ESSER I, GEER I; CRRSA-ESSER II) as applicable.

-The Expanded Learning Opportunities Grant was board approved on May 19, 2021.

<https://digiorgio.k12.ca.us/wp-content/uploads/2021/10/Di-Giorgio-Elementary-ELO-Grant-Plan.pdf>

Throughout the LCAP development process, the LEA receives input on a variety of district programs and services provided to students. Due to limited LCFF resources,

A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.

It is a priority of the Di Giorgio Elementary School District to ensure the health and safety of students, educators, and other staff as well as to ensure continuity of services, as required by the American Rescue Plan (ARP) Act of 2021. The LEA has implemented the following actions identified in our ESSER III Expenditure Plan.

The following have been successfully implemented: After School Intervention and Hiring of additional staff.

Actions that are in process of being implemented: MTSS Framework and Maintaining of Facilities.

The following actions will be implemented in the future: Shade Structures, HVAC Upgrade, and Restroom Enhancements.

A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA’s 2021–22 LCAP and Annual Update.

The Di Giorgio Elementary School District considers the LCAP to be the comprehensive planning document that captures the priorities, goals, and actions to improve student outcomes. As such, all additional funds received are viewed through the lens of the LCAP to determine where student needs exist and what services are needed to address those needs. Fiscal resources received are aligned with all LCAP Goals:

Goal 1: The Di Giorgio Elementary School District will increase student achievement.

Goal 2: All English learners will become reclassified by the time they graduate from Di Giorgio School.

Goal 3: The Di Giorgio School District will establish and maintain an environment where students feel safe and engaged in their learning every day.

# Instructions for the Supplement to the Annual Update for the 2021–22 Local Control and Accountability Plan Year

*For additional questions or technical assistance related to the completion of the Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan (LCAP), please contact the local county office of education (COE), or the California Department of Education’s (CDE’s) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [lcff@cde.ca.gov](mailto:lcff@cde.ca.gov).*

## Introduction

California’s 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. Section 124(e) of Assembly Bill 130 requires LEAs to present an update on the Annual Update to the 2021–22 LCAP and Budget Overview for Parents on or before February 28, 2022, at a regularly scheduled meeting of the governing board or body of the LEA. At this meeting, the LEA must include all of the following:

- The Supplement to the Annual Update for the 2021–22 LCAP (2021–22 Supplement);
- All available mid-year outcome data related to metrics identified in the 2021–22 LCAP; and
- Mid-year expenditure and implementation data on all actions identified in the 2021–22 LCAP.

When reporting available mid-year outcome, expenditure, and implementation data, LEAs have flexibility to provide this information as best suits the local context, provided that it is succinct and contains a level of detail that is meaningful and accessible for the LEA’s educational partners.

The 2021–22 Supplement is considered part of the 2022–23 LCAP for the purposes of adoption, review, and approval, and must be included with the LCAP as follows:

- The 2022–23 Budget Overview for Parents
- The 2021–22 Supplement
- The 2022–23 LCAP
- The Action Tables for the 2022–23 LCAP
- The Instructions for the LCAP Template

As such, the 2021–22 Supplement will be submitted for review and approval as part of the LEA’s 2022–23 LCAP.

## Instructions

Respond to the following prompts, as required. In responding to these prompts, LEAs must, to the greatest extent practicable, provide succinct responses that contain a level of detail that will be meaningful and accessible for the LEA’s educational partners and the broader public and

must, to the greatest extent practicable, use language that is understandable and accessible to parents.

In responding to these prompts, the LEA has flexibility to reference information provided in other planning documents. An LEA that chooses to reference information provided in other planning documents must identify the plan(s) being referenced, where the plan(s) are located (such as a link to a web page), and where in the plan the information being referenced may be found.

**Prompt 1:** *“A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).”*

In general, LEAs have flexibility in deciding what funds are included in the LCAP and to what extent those funds are included. If the LEA received funding through the Budget Act of 2021 that it would have typically included within its LCAP, identify the funds provided in the Budget Act of 2021 that were not included in the LCAP and provide a description of how the LEA has engaged its educational partners on the use of funds. If an LEA included the applicable funds in its adopted 2021–22 LCAP, provide this explanation.

**Prompt 2:** *“A description of how LEA used, or plans to use, the concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.”*

If LEA does not receive a concentration grant or the concentration grant add-on, provide this explanation.

Describe how the LEA is using, or plans to use, the concentration grant add-on funds received consistent with California *Education Code* Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

In the event that the additional concentration grant add-on is not sufficient to increase the number of staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, describe how the LEA is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

**Prompt 3:** *“A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.”*

If the LEA did not receive one-time federal funding to support recovery from the COVID-19 pandemic and the impacts of distance learning on students, provide this explanation.

Describe how and when the LEA engaged its educational partners on the use of one-time federal funds it received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on students. See the COVID-19 Relief Funding Summary Sheet web page (<https://www.cde.ca.gov/fg/cr/relieffunds.asp>) for a listing of COVID-19 relief funding and the Federal Stimulus Funding web page

(<https://www.cde.ca.gov/fg/cr/>) for additional information on these funds. The LEA is not required to describe engagement that has taken place related to state funds.

**Prompt 4:** “A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.”

If an LEA does not receive ESSER III funding, provide this explanation.

Describe the LEA’s implementation of its efforts to maintain the health and safety of students, educators, and other staff and ensure the continuity of services, as required by the federal American Rescue Plan Act of 2021, and its implementation of the federal Elementary and Secondary School Emergency Relief (ESSER) expenditure plan to date, including successes and challenges.

**Prompt 5:** “A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA’s 2021–22 LCAP and Annual Update.”

Summarize how the LEA is using its fiscal resources received for the 2021–22 school year to implement the requirements of applicable plans in a manner that is aligned with the LEA’s 2021–22 LCAP. For purposes of responding to this prompt, “applicable plans” include the Safe Return to In-Person Instruction and Continuity of Services Plan and the ESSER III Expenditure Plan.

California Department of Education  
November 2021

# Local Control Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Di Giorgio Elementary School District	Jennifer Allen Superintendent	jallen@digiorgio.k12.ca.us 6618542604

## Plan Summary [2022-23]

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Di Giorgio School District is a small, rural single-school district which serves students in grades TK - 8. The school is located near the town of Arvin, about 25 miles southeast of Bakersfield. The Di Giorgio School District serves a large agricultural area at the base of the Tehachapi Mountains. The district is nestled between the Arvin Union School District to the south, the Lamont and Vineland districts to the west, Edison to the north, and the Caliente and Tehachapi Unified districts to the east. The mission of the Di Giorgio Elementary School district is to develop a relationship with family and community; provide a safe and positive learning environment, while respecting individual differences; challenge students with high expectations and precise standards, resulting in responsible and academically successful students who are well prepared for their future.

Our total population is 211 students. Our unduplicated count is 100%. The District's three significant student populations include Socioeconomically disadvantage, Hispanic, and English Learners. Of the district's student population, 100% are socioeconomically disadvantaged, 97% Hispanic, and 37% qualify for English Language Learner Support. All other student groups are too small to receive a color indicator on the Dashboard with 5.5% Students with Disabilities, 0% Homeless, and 0% Foster Youth.

Di Giorgio serves Unduplicated Students in both Core and Intervention Programs. Site Administration, District EL Coordinator/Teacher, and Special Education-Intervention Coordinator/Teacher monitor the progress of English learners and Socioeconomically disadvantaged Students in Intervention Programs. English learners receive both designated and integrated English Language Development Instruction. Behavior Intervention and Attendance Programs for unduplicated pupils are supervised by our Student Liaison and district administration.

## Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

Our greatest success has been our Attendance and Suspension rates. According to the current KiDS School Comparison Report, during the pandemic we were able to increase our attendance rate from 89% in 2020-2021 to 92.3% as of May 2022. The district has maintained a 0% Suspension rate for both, the 2020-2021 and 2021-2022 school years. To build upon this progress, the district will continue the implemented Action Steps in Goal #3 of the LCAP, and will hire a part time School Psychologist to provide additional supports in academics, attendance, and behavior.

The Di Giorgio School District will continue to provide professional development in ELA, ELD, Mathematics and other areas to ensure our teachers are able to provide the strategies necessary to ensure our students continue to progress in all academic areas.

In the 2021-2022 school year, all certificated staff were fully credentialed, highly qualified and appropriately assigned.  
In the 2021-2022 school year, school facilities were maintained and in good repair as measured by the FIT report.  
100% of English Learners continued to have access to CCSS and ELD standards throughout the school day.  
All paper communications continued to be sent home in both English and parents' native language.

## Reflections: Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Due to the Covid-19 pandemic, Di Giorgio Elementary School District opted to administer Local Assessments, STAR Reading and STAR Math in place of the Smarter Balanced Summative Assessments in the Spring of 2021. Of the 86% of students tested, 16% scored At or Above Grade Level in Reading and 33% At or Above Grade Level in Math. Our current, Winter 2022, Benchmark STAR assessment data reflects 22% of 3rd through 8th grade students scoring At or Above Grade Level in Reading and 5% in Math. According to Spring 2021 STAR data, only 2% of our English Learners scored At or Above Grade Level in Reading and 10% in Math. Socioeconomically Disadvantaged students scored in the same percentage as All Students, 16% At or Above Grade Level in ELA and 33% in Math. Our attendance rate increased from 89% in 2020-2021 to 92% as of May 2022 according to KiDS Dashboard; however throughout the pandemic our Chronic Absenteeism rate has increased from 13.7% pre-pandemic, 2018-2019, to 25% in 2020-2021, and holding at 27% as of May 2022. Di Giorgio Elementary School District received a performance color of Orange in Chronic Absenteeism and on Suspension on the 2019 California Dashboard.

To facilitate improvement in English Language Arts, the district plans to have intensive professional development in the EL Teaching Strategies and integrated and designated ELD Curriculum. (1.2, 2.1). The district will also focus on research-based EL Instructional strategies during PLC time each week (2.1) and will train all staff in Thinking Maps (1.2)

To facilitate improvement in Mathematics, the district will have focused professional development and coaching Mathematics Intervention (1.2). The district will also purchase intervention math curriculum to supplement Mathematics Instruction (1.1). The district will embed a Mathematics Tutorial into the Master Schedule to provide intervention (1.10). The district will also offer Mathematics Intervention after school for struggling students and an ELA/Math Intervention/Assessment Preparation for all Special Education Students and English Learners (3.8).

To facilitate improvement in the District Chronic Absenteeism Rate, Di Giorgio School has implemented a school wide Positive Behavior Interventions and attendance incentives (3.1 & 3.3), we expect to see continued positive results in our suspension rate and chronic absence rate. Our Social-emotional screener given in Fall of 2021 showed that 22% of our students are At-Risk and eligible to receive Tier II or Tier III Support. To facilitate this support, the District will hire a school psychologist to support students and train staff in PBIS practices (3.9).

## LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

The 2022-23 LCAP includes Actions and Services to address a variety of needs identified by educational partners and to achieve the LCAP goals. Di Giorgio has three LCAP goals for the 2022-2023 school year. These goals are:

1. The Di Giorgio School District will increase student achievement.
2. All English Learners will become reclassified by the time they graduate from Di Giorgio School.
3. The Di Giorgio School District will establish and maintain an environment where students feel safe and engaged in their learning every day.

Di Giorgio has purchased CCSS aligned Science, Social Studies, Language Arts and Mathematics curricula for all grades over the past five years and the certificated staff received training from the publishers prior to the beginning of the school year and again approximately half way through the school year to help with a successful transition. For the 2022-2023 school year, we will continue to seek out professional development opportunities that will enable our staff to fully utilize all the new features of the new curricula.

Di Giorgio has purchased Chromebooks for all of our TK through eighth grade students and will continue to use LCFF funds to ensure our Chromebooks are continually upgraded and replaced when necessary. Our Science, Social Studies, Math and Language arts curricula all have digital components and we were able to utilize this component much more effectively with the Chromebooks. In the coming school year, we will look to find Chromebook training opportunities for our teachers to help them manage more efficiently how the Chromebooks are used in the classroom.

Di Giorgio will again send all of our sixth grade students to Camp KEEP for five days in December of 2023. We feel this is a very important trip for our students for a number of reasons. The students are able to learn about science and the environment from excellent expert instructors in a hands on manner. Also, many of our students have very few chances to travel outside of their immediate neighborhoods due to family monetary constraints and trips such as these open up a new world for them.

We will continue to use LCFF funds to help us keep the EL coordinator full-time position in the 2022-2023 school year which we believe will help us to continue to increase the percentage of EL students who become English proficient.

Di Giorgio Elementary will continue to use LCFF funds to further implement our School Wide Positive Behavior Intervention and Supports (PBIS) system. We have seen steady improvement in our students' behaviors over the past few years and to continue this trend. It is our hope that teachers will spend less time dealing with problem behaviors from students and more time on instruction. We will continue to seek out professional development opportunities in the PBIS area to assist with it's implementation.

Di Giorgio seventh and eighth grade students were not able to visit colleges in the 2020-2-2021 and 2021-2022 school years due to the COVID-19 pandemic, but we hope to be able to return to visiting two colleges during the 2022-23 school year. Di Giorgio has a very small percentage of students with college graduate parents. We hope that visiting colleges will get our students to believe that college is a real possibility as a future.

Di Giorgio will continue our afterschool tutoring program on campus that is staffed by current credentialed teachers and paraprofessionals. We will expand this program to include more students during the 2022-23 school year targeting English Learners and students needing intensive intervention.

## **Comprehensive Support and Improvement**

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

### ***Schools Identified***

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Our LEA does not have any schools identified for CSI.

### ***Support for Identified Schools***

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Our LEA does not have any schools identified for CSI.

### ***Monitoring and Evaluating Effectiveness***

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

Our LEA does not have any schools identified for CSI.

# Engaging Educational Partners

A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.

Throughout the LCAP development process, Di Giorgio receives input on a variety of district programs and services provided to students. This process consists of two objectives: 1) Inform educational partners of progress towards meeting our LCAP goals and, 2) Determine changes or additions needed to meet current goals. The process provides a broad group of educational partners an opportunity to review progress, provide input, and support the implementation of actions through meaningful feedback. Feedback was gathered using the following strategies: surveys, school site meetings, Parent-Teacher-Friend Committees. The Di Giorgio School District included staff as an Educational Partner; however we did not at the time, and currently do not have a local bargaining unit. While Di Giorgio considers all feedback in relation to district goals and identified needs, not all expressed needs can be addressed in the LCAP due to limited LCFF resources. The Di Giorgio Elementary School District has engaged Educational Partners during the 2021-2022 school year as follows:

8/12/21-Reviewed LCAP goals and actions with certificated staff and local CSEA bargaining unit

9/13/21-Superintendent met with Peer Leadership group comprised of 6th-8th grade students to review LCAP and solicit input for 22-23 goals

10/4/21-10/22/21-Survey distributed to all Educational Partners

10/22/21-LCAP Progress and data reviewed with site staff and local CSEA bargaining unit

10/27/21- Reviewed results of survey with Focus Group comprised of School Superintendent/Principal, Special Education Coordinator, Chief Business Official, and Executive Secretary

11/10/21- LCAP discussion with Staff, School Site Council, District English Language Acquisition Committee and Parent Teachers and Friends. There were no comments which needed a written response from the Superintendent/Principal.

12/15/21- Information regarding the LCAP was included in the Principal's report of the regularly scheduled meeting of the board held December 15, 2021 at 4:00 p.m.

2/13/22-Reviewed the Supplement to the Annual Update with Staff, School Site Council, District English Language Acquisition Committee, local CSEA bargaining unit, and Parent Teachers and Friends. Input was solicited for the 22-23 LCAP. There were no comments which needed a written response from the Superintendent/Principal..

2/23/22-Supplement to the Annual Update was shared with Board of Trustees.

3/7/22-3/31/22-LCAP Survey distributed to all Educational Partners

4/4/2021-Met with Kern County SELPA to consult regarding annual progress of Students With Disabilities

4/5/22-Reviewed results of survey with Focus Group comprised of School Superintendent/Principal, Special Education Coordinator, Chief Business Official, and Executive Secretary

4/25/2022-Reviewed Progress data and survey results with School Site Council, District English Language Acquisition Committee and Parent Teachers and Friends Committee. There were no comments which needed a written response from the Superintendent/Principal.

5/5/2022-Met with district staff, including local CSEA bargaining unit to review current progress data, survey data, and to formulate goals for 22-23.

5/18/2022-Reviewed LCAP draft with Board of Trustees.

A public hearing was held on June 8, 2022 to solicit the recommendations and comments of members of the public regarding the specific actions and expenditures proposed to be included in the LCAP. There were no comments which needed a written response from the Superintendent.

The LCAP was placed on the agenda of the June 22, 2022 regular Meeting of the School Board for adoption. Upon motion of Laura Lee Kirkley and seconded by Steve Murray, the Board approved the LCAP. There were no comments which needed a written response from the Superintendent/Principal.

2022-23 Local Control Accountability Plan was approved and adopted by the Board of Trustees with the following votes: Roll Call: Theresa Vietti-Herrera: aye Laura Lee Kirkley: aye Steve Murray: aye Ayes: 3 Noes: 0

#### A summary of the feedback provided by specific educational partners.

##### Parent/Parent Advisory Consultation:

The district reviewed metric data and progress toward meeting goals and action steps with multiple parent advisory groups. The district also conducted a Parent Survey for input into the 2021-2024 goals and action steps. The parent input was that the goals should remain the same. Feedback from our parent advisory committees and surveys included requests to provide additional tutoring and homework help, including math intervention, and social emotional support.

Parent feedback also included recommendations related to technology including device upgrades.

According to survey results, parents would also like to see upgraded playgrounds and increased security through supervision before, during and after school, and anti-bullying/cyberbullying programs. Feedback demonstrates that there is a need to increase counseling services for social-emotional support, providing parent workshops on supporting students with behavioral challenges and related school initiatives (e.g. PBIS).

Parents would like to be provided resources and training needed to strengthen student learning at home as well as more activities that promote and recognize student success.

##### Certificated and Classified Staff Consultation:

The district reviewed metric data and progress toward meeting goals and action steps with staff. A staff survey was conducted for input into the 22-23 goals and action steps. The staff input was that goals should remain the same with some recommendations for changes in action steps. Staff expressed the need for training in social-emotional learning, academic and behavior intervention strategies, as well as English Language Development. The staff felt we need to hire a Student Liaison to support our students and families.

##### Community Consultation:

A public hearing was held on June 8, 2022 to solicit the recommendations and comments of members of the public regarding the specific actions and expenditures proposed to be included in the LCAP. There were no comments which needed a written response from the Superintendent.

#### Student Consultation:

A student survey was conducted for input on the LCAP goals and actions. The Superintendent also shared progress with Di Giorgio's Student Leadership group. The students expressed that additional supports on campus would make them feel safer and more connected to the school. They also expressed that the 1:1 computer initiative was going well and they were accessing student devices daily during instruction with no support issues. They felt that the PBIS Program was working well and gave input on future activities. Students would like to see access to music, art, robotics, coding, and an organized sports program.

#### SELPA Consultation:

During the SELPA Consultation, it was determined that SWD are being served through listed Goals and Action Steps. Students have access to Common Core State Standards and materials as well as Highly Qualified Staff. The District will continue to monitor that all accommodations and modifications are in place to ensure equal access and continuing progress toward IEP Goals and Objectives.

#### Focus Group Consultation:

The District Administrative Team reviewed all Stakeholder input as well as Local and State Data. This team, which includes the Superintendent/Principal, CBO, Executive Secretary, and Special Education Coordinator, worked together to create goals and action steps. When we reviewed Spring 2021 Local Benchmark Data, the team provided feedback that we need additional intervention resources, multiple trainings, English Language Development, and mental health supports to address the needs of our students. We agreed that engagement and attendance need to be our focus as our Chronically Absent rate is currently 25% with another 10% of our students nearing Chronically Absent.

### A description of the aspects of the LCAP that were influenced by specific input from educational partners.

Di Giorgio Elementary School District's educational partners play a critical role the development of the LCAP. A review of local data indicators in combination with the input from educational partners led to the following revisions to the 22-23 LCAP.

Goal 1: The Di Giorgio School District will increase student achievement.

The district will continue to provide support for learning for both students and staff as well as provide after school tutoring to address the learning loss created by the impact of COVID. Based on feedback, academic intervention is a high priority to parents and staff. The district will:

Revise Action 1.4 to include two academic intervention teachers to support and meet the needs of students who are not meeting grade level proficiency.

Add Action 1.10 to add ARMOR Academy to diagnose literacy needs as well as ease students' anxiety when transitioning to a new grade level in the fall.

Add Action 1.11 to increase access to additional learning opportunities through after school tutoring.

Goal 2: All English Learners will become reclassified by the time they graduate from Di Giorgio School

Based on feedback from educational partners, Di Giorgio School District will continue to focus on meeting the needs of our English language learners. The district will:

Action 2.5 will be revised to include a certificated ELD Coordinator to implement, analyze, and monitor our EL program.

Goal 3: The Di Giorgio School District will establish and maintain an environment where students feel safe and engaged in their learning every day.

Based on feedback from educational partners, Di Giorgio will continue to focus providing a positive environment for staff, students, and parents. The district will:

Revise Action 3.4 to include a part time school psychologist to coordinate Rtl, PBIS, and support students mental health.

Revise Action 3.6 to include a part time Family Community Liaison to increase involvement of all families and continue to bridge the gap between home and school.

Add Action 3.8 to add an additional bus driver/custodian in order to maintain current bus routes and add additional routes to provide transportation for after school tutoring.

# Goals and Actions

## Goal

Goal #	Description
1	The Di Giorgio School District will increase student achievement.

An explanation of why the LEA has developed this goal.

This goal supports our vision and mission to provide every student a quality education that will provide the basis for students to become life-long learners. The Di Giorgio Elementary School District desires to provide the highest level of educational achievement through implementation of the California Standards in ELA/ELD, mathematics, and all content areas.

According to our most recent Local Data, STAR Reading and STAR Math, 16% of ALL students scored At or Above Grade Level in Reading and 33% in Math. While our Socioeconomically Disadvantaged Students performed the same on the STAR Reading and Math assessments, our English Learners did not experience the same results. According to Spring 2021 STAR Assessment results, 2% of our English Learners scored At or Above Grade Level in Reading and 10% in Math which highlights the fact that achievement gaps continue to exist for some students.

In addition, feedback from our Educational Partners indicate a need to provide additional academic supports. By increasing academic support through the intervention teacher, instructional aide positions, maintaining one teacher per grade level in order to avoid combination classes, supplementing instruction with software, providing professional development and collaboration time for staff, along with monitoring of academic and language proficiency metrics, students will have full access to the grade level leading towards increases in academic achievement. We plan to improve student achievement through actions that support and improve student learning and will measure progress towards our goal using the metrics identified below.

## Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Priority 1(a) Basic Services - Teachers appropriately assigned and fully credentialed for	Local data shows that 100% are fully credentialed and assigned appropriately	Local data shows that 100% are fully credentialed and assigned appropriately			Local data will reflect 100% are fully credentialed and assigned appropriately

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
assignment as measured by local data.					
Priority 1(b) Pupils access to standards aligned instructional materials 100% of the day as measured by the Elementary and Middle School Instructional Materials Survey.	Local Data collected through the Elementary and Middle School Instructional Materials Survey shows that 100% of students have access to standards aligned instructional materials 100% of the day.	Local Data collected through the Elementary and Middle School Instructional Materials Survey shows that 100% of students have access to standards aligned instructional materials 100% of the day.			Local Data collected through the Elementary and Middle School Instructional Materials Survey will show that 100% of students have access to standards aligned instructional materials 100% of the day.
Priority 1(c) School Facilities maintained and are in good repair as measured by the FIT Report.	100% of facilities are well maintained as measured by FIT Report	100% of facilities are well maintained as measured by FIT Report			100% of facilities are well maintained as measured by FIT Report
Priority 2(a) Implementation of California Academic and Performance Standards as measured by classroom walkthroughs.	Level of implementation of CCSS is 0% based on classroom walkthroughs. (Baseline is 0% due to use of new tool to measure implementation)	Level of implementation of CCSS is 100% based on classroom walkthroughs.			According to data collected during classroom walkthroughs, district will maintain level of implementation of CCSS as substantial as based on classroom walkthroughs.
Priority 2(b)	Master schedule reflects 100% of	Master schedule reflects 100% of			Master Schedule reflects 100% of

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Master Schedule will reflect Programs/Services that enable ELs to access CCSS and ELD Standards for academic content and English Language Proficiency.	English Learners receive 30 minutes of Designated ELD as well as Integrated ELD instruction is implemented in all content areas.	English Learners receive 30 minutes of Designated ELD as well as Integrated ELD instruction is implemented in all content areas.			English Learners receive 30 minutes of Designated ELD as well as Integrated ELD instruction is implemented in all content areas.
Priority 4(a): Statewide Assessments English Language Arts as measured by CAASPP	CAASPP ELA/Literacy overall percentage of pupils who met or exceeded standards was 31.08% for 2018-19.	CAASPP was not fully administered in Spring of 2021. See Local Assessment Scores: 2020-2021 STAR Reading assessment overall percentage of pupils that scored proficient was 16%. 2021-2022 STAR Reading assessment overall percentage of pupils that scored proficient was 22%			Statewide Assessments 50% of students will meet or exceed ELA/Literacy standards as measured by CAASPP
4(a) Statewide Assessments Mathematics as measured by CAASPP	CAASPP Mathematics overall percentage of pupils who meet or exceeded standards was 11.48% for 2018-19	CAASPP was not fully administered in Spring of 2021. See Local Assessment Scores: 2020-2021 STAR Math assessment overall percentage of pupils that scored proficient was 33%.			50% of students will meet or exceed Math standards as measured by CAASPP

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
		2021-2022 STAR Math assessment overall percentage of pupils that scored proficient declined to 5%			
4(a) Statewide Assessment Science as measured by CAST	<p>CAASPP Science overall percentage of 5th Grade pupils who met or exceeded standards was 7.14% for the 2018-19 school year.</p> <p>CAASPP Science overall percentage of 8th Grade pupils who met or exceeded standards was 8.7% for the 2018-19 school year.</p>	<p>CAASPP was not fully administered in Spring of 2021</p> <p>CAASPP Science overall percentage of 5th Grade pupils who met or exceeded standards was 7.14% for the 2018-19 school year.</p> <p>CAASPP Science overall percentage of 8th Grade pupils who met or exceeded standards was 8.7% for the 2018-19 school year.</p>			50% of 5th and 8th grade students will meet or exceed standards as measured by CAASPP Science
Priority 4(b) Percent of students successfully completing A-G requirements	NA	N/A			NA

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Priority 4(c) Percent of students who have successfully completed CTE Pathways	NA	N/A			NA
Priority 4(d) Percent of students who have successfully completed both B & C	N/A	N/A			N/A
Priority 4(e) Percent of ELs who make progress toward English proficiency as stated on the California Dashboard	52.9% of ELs made progress toward English proficiency according to the data reflected on the California Dashboard.	30.91% of ELs made progress towards English proficiency from 2019-20 to 2020-21 according to KiDS Dashboard.			60% of ELs will make progress toward English proficiency according to the data reflected on the California Dashboard.
4(f) EL Reclassification Rate as reported by local scores and DataQuest	According to data reflected on DataQuest, EL Reclassification rate in 2019-2020 was 12%.	According to data reflected on Data Quest in 2020-2021, EL Reclassification rate was 14.6%.			According to data reflected on DataQuest, EL Reclassification rate will be 25% or higher.
4(g) Percent of students who pass AP exams with a score of 3 or higher	NA	N/A			NA
4(h) Percent of students who	NA	N/A			NA

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
demonstrate preparedness for college by the Early Assessment of College Preparedness (EAP) or any assessment of college preparedness.					

## Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Supplemental Materials	Supplemental instructional materials, including science materials, manipulatives for content areas, and increased access to literary novels, will be provided to all students, including Socioeconomically Disadvantaged, English Learners, Homeless and Foster Youth, to support academic achievement and mitigate the impact of learning loss as a result of the pandemic.	\$15,000.00	Yes
1.2	Professional Development	Provide professional learning to staff in order to enhance student achievement for all students including Socioeconomically Disadvantaged, English Learners, Homeless and Foster Youth in all core areas as well as PLCs, UDL, and research based instructional strategies. All expenses including, but not limited to, fees, substitutes, and travel expenses to attend Professional Development. Title II	\$27,124.00	Yes
1.3	Camp KEEP	Sixth grade students to attend Camp KEEP.	\$12,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
1.4	Intervention Teachers	Two Certificated staff will provide students with reading intervention and support to meet the needs of students who are not meeting grade level proficiency and assist with student support for Tier 2 and Tier 3, in order to improve academic achievement for all students, including Socioeconomically Disadvantaged, English Learners, Homeless and Foster Youth.	\$140,000.00	Yes
1.5	Library	Update and maintain library titles, tracking software, as well as library media clerk hours to provide ongoing access to diverse reading collections, both print and online, to increase the literacy level for all students including Socioeconomically Disadvantaged, English Learners, Homeless and Foster Youth.	\$33,000.00	Yes
1.6	Technology	Update technology and related infrastructure to ensure all students, including English Learners, Foster students and Low income students have access to a broad course of study in all subject areas and can safely access academic content and performance standards to help prepare for state assessments and support student outcomes. Purchase computers to support technology use in the classroom as well as replacing outdated computers. Upgrade network connections to support infrastructure. Maintain network security to help keep students on task and focused by filtering web content. Purchase DNA (IOS) and Aeries SIS to progress monitor students create/house Common Formative Assessments. Title IV, SRSA	\$104,200.00	Yes
1.7	Language Development	For redesignated fluent English proficient pupils: Continue to support language development by collecting and analyzing achievement data and providing intervention as needed with classroom teacher.	\$0.00	No
1.8	Staffing	As identified through LCFE feedback surveys from parents, community, staff, and students, contribute to a portion of teacher salaries in order to maintain one teacher per grade level TK-8 and	\$645,589.00	Yes

Action #	Title	Description	Total Funds	Contributing
		avoid combination classes. This directed service supports instructional strategies that allow for more individual attention for all students, including Socioeconomically Disadvantaged, English Learners, Homeless and Foster Youth. Title I		
<b>1.9</b>	Parent Training	The district will host Parent Literacy Nights, with incentives, in the areas of Reading and Math to increase the support for all parents including parents of Socioeconomically Disadvantaged, English Learners, Homeless and Foster Youth resulting in increased student academic achievement and parent feedback.	\$15,000.00	Yes
<b>1.10</b>	ARMOR Academy	In order to ease students' anxiety to return to school in August and diagnose students' literacy needs, including Socioeconomically Disadvantaged, English Learners, Homeless and Foster Youth, Di Giorgio will provide orientation to students and parents with the assistance of teachers, office staff, custodians, and paraprofessionals. Onboarding will support the transition of students starting TK and Kindergarten and/or transitioning to the next grade level.	\$7,500.00	Yes
<b>1.11</b>	After School Tutoring	Increase access to additional learning opportunities for all students, including Socioeconomically Disadvantaged, English Learners, Homeless and Foster Youth, that are not performing at grade level on spring benchmarks through after school tutoring support. Staff paid to tutor will provide students additional time for intervention in ELA and Math.	\$25,000.00	Yes

## Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

While all actions in this goal were fully implemented as planned, not all students benefited equally from their implementation. Some challenges and successes are described below:

Action 1.1 Supplemental Materials: Supplemental materials action was successfully implemented. Materials were purchased for Math, ELA, Science, Social Studies which successfully provided students with additional opportunities to practice targeted skills throughout the school year.

Action 1.2 Professional Development: A success in implementation of this action is that staff were able to attend webinars online and did not have to travel to a specific location. We were also faced with many challenges when implementing the professional development action. Staffing and substitute teacher shortages made it difficult to find coverage for staff to attend online and in-person professional development.

Action 1.3 Camp Keep: This action was successfully implemented but was modified to a one-day trip instead of 5 days.

Action 1.4 Collaboration: This action was successfully implemented; however due to Covid restrictions and staff shortages changes had to be made. The district provided four half-day grade span collaboration times to ensure full implementation of the CCSS.

Action 1.5 Library: Library titles including more nonfiction and magazine subscriptions related to STEM were purchased and worn and out of date titles were replaced. Library clerk hours were increased, professional development provided and our library management software has been successfully kept up to date.

Action 1.6 Technology: Updating technology and related infrastructure to ensure all students, including ELs, Foster students, and Low income students have access to a broad course of study in all subject areas was successfully implemented. All students were provided devices to use in the classroom. Network upgrade were made to ensure little to no connectivity issues and our network security was maintained to keep students on task and focused by filtering web content. Challenges were met when trying to implement new programs DNA (IOS) and Aeries. Both programs take a significant amount of professional development which were a challenge to schedule due to staff and substitute shortages.

Action 1.7 Language Development: This action was successfully implemented. Teachers used collaboration time to monitor and provide needed intervention as needed to our reclassified English proficient students. This is reflected in our 2020-2021 local assessment data. Our RFEP students show an increase in overall grades, benchmark assessments, and attendance.

Action 1.8 Staffing: This action was successfully implemented. Staff was maintained to provide one teacher per grade level K-8 and avoid combination classes. In 2021-2022 Di Giorgio students successfully maintained or increased the percentage of students testing proficient in the areas of ELA and Math as measured by the STAR Reading and Math assessments. ELA increased from 13% to 22% proficient and Math maintained at 5% proficient.

Action 1.9: Due to Covid restrictions Parent Training was not fully implemented. Materials were purchased; however parent classes were postponed until the 22-23 school year.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Di Giorgio Elementary School District conducted an analysis of material difference between Budgeted Expenditures and Estimated Actual Expenditures. The total total budgeted for the 2021-22 LCAP Goal 1 was \$372,000. The estimated actual expenditures for the 2021-22 LCAP Goal 1 was \$257,180. This is a difference of \$114,820. The substantive differences were in actions 1: Supplemental Materials, 2: Professional Development, 3: Camp Keep, 5: Library, and 9: Parent Training. These substantive differences are due to the use of CARES Act and ESSER money to purchase supplemental materials, replace and purchase new library titles, lack of substitutes available to provide professional development to staff to attend training , Camp Keep modified to a one day trip rather than 5 days, and Covid restrictions that limited visitors and large group gatherings which inhibited parents to attend parent training.

An explanation of how effective the specific actions were in making progress toward the goal.

LCAP Goal 1 is to increase student achievement.

2020-2021 STAR Reading assessment overall percentage of pupils that scored proficient was 16%. According to STAR Reading results for 2021-2022, pupils that scored proficient increased 16% to 22% proficient.

2020-2021 STAR Math assessment overall percentage of pupils that scored proficient was 33%.According to STAR math results for 2021-2022, pupils that scored proficient shoed a decrease of 28% to 5% proficient.

DataQuest data reflects that our EL Reclassification Rate increased from 12% to 14.6% in 2020-2021

Based on an analysis of these results, the district believes actions in Goal 1 are showing to be effective in making progress towards the goal. Little to no increase in achievement in ELA and Math is attributed to many factors including remote administration of some assessments, increase in chronic absenteeism, high rate of substitute teachers in classrooms due to quarantine protocols, and increase of social emotional needs for staff and students. The decline in ELPAC scores is attributed to the remote administration of this assessment. Many students experienced technology challenges during the assessment which may have had a negative impact on their performance.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on an analysis of Goal 1, the following changes will be made for the 2022-2023 LCAP year.

- Due to the number of students needing Tier 2 and 3 academic supports, Action 1.4 was changed to Intervention Teachers. These teachers will provide students with reading intervention and support to meet the needs of students who are not meeting grade level proficiency and assist with student support for Tier 2 and Tier 3, in order to improve academic achievement
- In order to provide early intervention and ease anxiety of students returning to campus, Action 1.10: ARMOR Academy was added.
- Combined Actions 1.2 and 1.4 to include all professional development and collaboration time
- Action 1.11, After School Tutoring, better aligns with the actions in Goal 1, therefore was moved from Goal 3 to Goal 1.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

# Goals and Actions

## Goal

Goal #	Description
2	All English Learners will become reclassified by the time they graduate from Di Giorgio School

An explanation of why the LEA has developed this goal.

The most current English Learner Data reported in DataQuest shows that our English Learners maintained at 13.5% of students testing in the proficient range on the 2020-2021 ELPAC, which is just under the state average of 13.98%. Our ELs reclassification rate increased from 12% in 2019-2020 to 14.6% in 2020-2021. While our English Learners reclassification rates increased, they did not experience the same growth on Local Assessments. According to spring 2022 STAR Reading 5% of our current ELs scored proficient compared to 22% of All Students which highlights the fact that achievement gaps continue to exist for some students.

In addition, feedback from our Educational Partners indicate a need to improve English Learner Reclassification Rates. In order to address unfinished learning due to the pandemic and existing achievement gaps, it is critical to continue the instruction of ELD standards, providing designated and integrated ELD and intervention support to promote student outcomes. By increasing support through our EL Coordinator/Teacher, instructional aide positions, supplementing instruction with software/materials, and monitoring of students' academic and English proficiency metrics, students will have full access to the grade level leading towards increases in academic achievement.

## Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Priority 4(a) English Language Learners' Performance on CAASPP in English Language Arts as measured by the California Dashboard.	5.45% of English Language Learners taking CAASPP in ELA either Met or Exceeded standard as measured by the 2019 California Dashboard.	CAASPP was not fully administered in Spring of 2021. See Local Assessment Scores: 2% of English Language Learners taking the STAR Reading Assessment scored either At or Above Grade Level.			50% or more of the English Language Learners taking the CAASPP in English Language Arts will Meet or Exceed standard as measured by the California Dashboard.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24

## Actions

Action #	Title	Description	Total Funds	Contributing
2.1	ELD Professional Development	Provide professional learning to staff in order to enhance student achievement for all students including Socioeconomically Disadvantaged, English Learners, Homeless and Foster Youth on the use of research based ELD materials and strategies, as well as ELPAC language proficiency levels, rubrics and implementation in the classroom All expenses including, but not limited to, fees, substitutes, and travel expenses to attend Professional Development Title III	\$18,259.00	Yes
2.2	ELPAC Testing	To ensure students are placed accurately prior to the first day of instruction, Initial ELPAC testing for all TK, Kindergarten, and Newcomer students will be scheduled in August, before the first day of instruction.	\$2,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
2.3	Web based supplemental materials	Increase access to web-based and other supplemental materials to support ELD instruction and assist teacher and staff when analyzing and monitoring assessment data. Immediate assessment feedback will allow teachers and staff to determine students strengths and needs and make informed decisions when planning ELD support.	\$10,000.00	Yes
2.4	ELD Support	Increase English proficiency by maintaining hours of six part time ELD paraprofessionals that will use research based ELD strategies to support teachers and students during designated and integrated ELD.	\$60,000.00	Yes
2.5	ELD Coordinator	Maintain hours certificated ELD Coordinator to coordinate, implement ELD program and analyze ELPAC and local assessment results to target student needs in specific domains as well as provide assistance and support for teachers on instructional strategies that enable EL students to attain English proficiency.	\$75,000.00	Yes
2.6	FEP support	For redesignated fluent English proficient pupils: Continue to support language development and progress monitor academic progress to ensure students are not in need of intervention. When the need arises, support with intervention.	\$0.00	No

## Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

While all actions in this goal were fully implemented as planned, not all students benefited equally from their implementation. Some challenges and successes are described below:

Action 2.1 ELD Professional Development: This action was successfully implemented by providing teachers and administrators professional development via Zoom and on Saturdays when no substitute teachers were needed. Challenges include limited access to professional development opportunities due to staff and substitute shortages.

Action 2.2 ELPAC Testing: The Initial ELPAC was successfully given to all TK, Kindergarten, and Newcomer students in August before instruction began. Some challenges included scheduling and administering the ELPAC due to Covid restrictions.

Action 2.3 Web-based supplemental ELD and other supplemental materials were used to allow students access to CCSS.

Action 2.4 and 2.5 ELD Support: These actions were successfully implemented. Di Giorgio retained paraprofessionals to support for our ELD program and assessment. Challenges in implementing these actions include staff and classified substitute shortages, covid restrictions which limited close contact and intermingling cohorts of students.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Di Giorgio Elementary School District conducted an analysis of material difference between Budgeted Expenditures and Estimated Actual Expenditures. The total budgeted for the 2021-22 LCAP Goal 2 was \$143,000. The estimated actual expenditures for the 2021-22 LCAP Goal 2 was \$124,708. This is a difference of \$18,292. The substantive difference was in action1, ELD Professional Development, and action 3, Web based supplemental materials. These differences are due to the lack of substitutes available to provide professional development to staff to attend training, and the use of Cares Act and ESSER funds to purchase web based supplemental materials.

An explanation of how effective the specific actions were in making progress toward the goal.

LCAP Goal 2 is to reclassify all English learners by the time they graduate from Di Giorgio School.

ELPAC results for the 2020-2021 school year show that 31% of students made progress towards English Proficiency, which is a decline of 22% according to our 2019 ELPI.

ELPAC results for the 2020-2021 school year show that 22% of students maintained their level of English Proficiency.

EL Designation numbers of 8th grade students reflect that 17 out of 21 English Learners have been reclassified as English Proficient.

According to KiDS 21-22 data, English Learners' attendance rate is on average 1% higher than English Only students; however 20% of our Chronically Absent students are English learners.

English Language Learners increased from 7% to 10% At or Above Grade Level in Math and from 2% to 5% in ELA as measured by STAR Reading and Math.

Based on an analysis of these results, the district believes actions in Goal 2 are showing to be effective in making progress towards the goal. Little, to no growth in local assessment data and ELPAC scores is attributed to the remote administration of assessments and chronically absenteeism rates among our English Learners . Many students experienced technology challenges during the assessment which may have had a negative impact on their performance.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on an analysis of Goal 2, the following changes will be made for the 2022-2023 LCAP year.

- Change Action 5 to ELD Coordinator: In order to increase the number of students reaching English proficiency by the time they graduate, the Di Giorgio School District will maintain hours of ELD coordinator to coordinate, implement ELD program, and analyze ELPAC and local assessment results to target student needs in specific domains.
- Moved priority 3 to Goal 3 to better align to planned goal and actions.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

# Goals and Actions

## Goal

Goal #	Description
3	The Di Giorgio School District will establish and maintain an environment where students feel safe and engaged in their learning every day.

An explanation of why the LEA has developed this goal.

As of May 2022, KiDS Data reports that Suspension and Expulsion Rates have maintained at 0% over the past two years and The California Healthy Kids Survey Data from 2021-2022 reports that 56% of 7th graders felt connected to school while 51% reported they have an adult at school that truly cares about them. These scores are much lower when compared to the 2018-2019 CHKS Results in which 73% of students reported feeling supported by adults while at school.

The most current KiDS Data shows that as of May 2022, the district's average attendance rate for the 2021-2022 school year is 92.3%. While our attendance rate increased 3.4 percentage points from 2020-2021 school year, our Chronic Absenteeism is high at 25%, with another 10% of students trending at Nearly Chronic. Of our Chronically Absent students, 20% are English Learners, 46% are Socioeconomically Disadvantaged, and 24% of 7th graders reported that they have missed one or more days of school because they had to care for a family member which highlights the fact that access to school community continues to exist for some students.

## Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Priority 3(a) Efforts to seek parent input in making decisions for district/school site as measured by local data	Local Data reflects sustained parent participation on DELAC, School Site Council, and Parent Teacher Friends (PTF).  Corrected Baseline for 22-23	Using Local Surveys, data showed that 40% of parents participated in responding back to district surveys.			Local Data will continue to reflect sustained parent participation on DELAC, School Site Council, and Parent Teacher Friends (PTF).  Corrected Outcome for 22-23

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
	Using Local Surveys, data showed that 0% of parents participated in responding back to district surveys. (Baseline is 0% due to use of new tool to measure implementation)				Using Local Surveys, data will show that 80% of parents participated in responding back to district surveys.
Priority 3(b) How district promotes participation of parents for unduplicated pupils as measured by local data.	Families of unduplicated students attend Parent/Teacher Conferences, Back to School Night, and other parent engagement activities as measured by sign-in sheets to be implemented 2021-2022. Baseline 0%	70% of Families of unduplicated students attended Parent/Teacher Conferences, Back to School Night, and other parent engagement activities as measured by sign-in sheets to be implemented 2021-2022.			60% or higher of families of unduplicated students attend Parent/Teacher Conferences, Back to School Night, and other parent engagement activities as measured by sign-in sheets.
Priority 3(c) How district promotes participation of parents of students with exceptional needs in the Individualized Education Program process as measured by IEP Notes and Signature pages.	100% of parents of students with exceptional needs participate in the IEP process as measured by IEP Notes and Signature pages.	100% of parents of students with exceptional needs participate in the IEP process as measured by IEP Notes and Signature pages.			100% of parents of students with exceptional needs will continue to participate in the IEP process as measured by IEP Notes and Signature pages.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Priority 5(a) Attendance rates as measured by Local Data.	According to Local Data, the District's Attendance Rate for 2018-2019 was 94.92% and 88.98% in 2020-2021.	According to KiDS Data, the District's Attendance Rate for 2021-2022 was 92%			Local Data will reflect the District's Attendance Rate for 2023-2024 will be 97% or higher.
Priority 5(b) Chronic absenteeism as measured by Local Data.	According to Local Data, the percentage of chronically absent students in 2018-2019 was 13.7%.	End of year data according to KiDS Dashboard reported, the percentage of chronically absent students as 25%.			Local Data will reflect the District's Chronic Absenteeism Rate for 2023-2024 will be less than 10%.
Priority 5(c) Middle School Dropout Rate as measured by CALPADS	According to CALPADS Report 8.1c, the Middle School dropout Rate in 2018-2019 was 0% and in 2020-2021 was 0%.	According to CALPADS Report 8.1c, the Middle School dropout Rate in 2021-2022 was 0%.			CALPADS Data will reflect the District's Middle School dropout Rate to be 0% in 2023-2024.
Priority 5(d) High School dropout Rates NA	NA	NA			NA
Priority 5(e) High School Graduation Rates NA	NA	NA			NA
Priority 6(a) Student suspension rate as measured by CALPADS data.	CALPADS data reflects the District's Suspension rate in 2019-20 was 0.5%	CALPADS data reflects the District's Suspension rate in 2021-2022 was 0.5%			CALPADS data will reflect the District's Suspension Rate will be less than 3.0%.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Priority 6(b) Student expulsion rate as measured by CALPADS data.	Data reflects the District's Expulsion rate in 2019-20 was 0%	KiDS Data reflects the District's Expulsion rate in 2021-2022 was 0%			CALPADS data will reflect that the District's Expulsion Rate will be 0%
Priority 6(c) Other Local Measures on sense of safety and school connectedness as measured by local data.	Due to COVID-19 pandemic, the most current data for the California Healthy Kids Survey is from 2017-18. In 2017-18, 73% of students reporting feeling safe and supported by adults at school as measured by the California Healthy Kids Survey in grade 5. 43% of students feel they have an adult at school that truly cares about them as measured by the California Healthy Kids Survey in grade 7	51% of students feel they have an adult at school that truly cares about them as measured by the California Healthy Kids Survey in grade 7 *No results for 5th grade due to fewer than 10 students completing survey.			Maintain at least 95% of students reporting feeling "safe" and "supported by adults" at school as measured by the California Healthy Kids Survey in grades 5 and 7.  Revised 2022 . Desired outcome previously read "as measured by the CHKS in grades 5 and 8." Grade 8 was a typo and should have ready grade 7.
Priority 8 Students outcomes in subjects described in 51210/51220 (Ex: Physical Education,	Master Schedule reflects that the district students receive weekly/daily minutes of physical education	Master Schedule reflects that the district students receive weekly/daily minutes of physical education			Master Schedule will continue to reflect that the district students receive weekly/daily minutes of physical

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
CBM Metrics, various participation rates, etc.) as measured by local data and results from the Physical Fitness Test (PFT)	<p>instruction. Due to COVID-19 pandemic, the most current data for the Physical Fitness Test is from 2018-19. The following results are from 2018-19,</p> <p>5th Grade HFZ: Aerobic Capacity 42.9% Body Composition 35.7% Flexibility 39.3%</p> <p>7th Grade HFZ: Aerobic Capacity 39.4% Body Composition 51.5% Flexibility 69.7%</p>	<p>instruction. Due to COVID-19 pandemic, our current PFT data was not uploaded into the CDE portal; the most current data reported by DataQuest is from 2018-19. The following results are from 2018-19,</p> <p>5th Grade HFZ: Aerobic Capacity 42.9% Body Composition 35.7% Flexibility 39.3%</p> <p>7th Grade HFZ: Aerobic Capacity 39.4% Body Composition 51.5% Flexibility 69.7%</p>			<p>education instruction. The District Physical Fitness Test results will reflect:</p> <p>5th Grade HFZ: Aerobic Capacity increase by 15% over baseline. Body Composition increase by 15% over baseline. Flexibility increase by 15% over baseline.</p> <p>7th Grade HFZ: Aerobic Capacity increase by 15% over baseline. Body Composition increase by 15% over baseline. Flexibility increase by 15% over baseline.</p>

## Actions

Action #	Title	Description	Total Funds	Contributing
3.1	PBIS	To maintain suspension and expulsion rates and increase student engagement, the district will train and support Positive Behavior Intervention and Supports program to provide additional social-emotional supports and incentives for desired behaviors for all	\$30,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
		students including Socioeconomically Disadvantaged, English Learners, and Homeless Foster Youth.		
<b>3.2</b>	College and career readiness	Increase student connectedness and develop skills that help students make choices that positively impact their futures, schools, and community, the district will provide access for our 7th and 8th grade students, including Socioeconomically Disadvantaged, English Learners, and Homeless and Foster Youth to leadership opportunities including, but not limited to college visits and tours, conferences, field trips, and incentives.	\$7,500.00	Yes
<b>3.3</b>	Attendance	Develop and implement a comprehensive student attendance improvement plan for all students including Socioeconomically Disadvantaged, English Learners, and Homeless and Foster Youth to increase attendance rate and decrease Chronic Absenteeism. The district's attendance plan will include the following: Attendance incentives Monthly data analysis Increased focus on chronically absent and early chronic absent students to monitor and track progress Extra time for staff to input and monitor attendance data	\$15,000.00	Yes
<b>3.4</b>	School Psychologist	Hire School Psychologist to coordinate Rtl, PBIS, and SST meetings. This position will also provide mental health support to students including Socioeconomically Disadvantaged, English Learners, and Homeless and Foster Youth, that are in need of basic counseling support to eliminate mental health barriers of learning and who may not have access to other forms of mental health care.	\$55,000.00	Yes
<b>3.5</b>	Parent Education	Increase and improve the support for all parents, including parents of Socioeconomically Disadvantaged, English Learners, and Homeless	\$15,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
		and Foster Youth by providing access to parent programs such as Parent University and Parent Project, resulting in improved academic achievement, increased engagement, and attendance for students.		
3.6	Family Community Liaison	Increase involvement of all families, including families of Socioeconomically Disadvantaged, English Learners, and Homeless and Foster Youth by providing a part time certificated personnel to support learning at home and plan and coordinate district events focused on bridging the gap between home and school.	\$20,000.00	Yes
3.7	School connectedness	Responding to input from stakeholders and their concerns about the condition and safety of the District's facilities, the District will accelerate the repair and improvement of facilities to improve school climate for unduplicated pupils as measured by California Healthy Kids Surveys, increase the level of school connectedness, using suspension and expulsion rates as a measure, ensure the safety of students, and give students more opportunities for physical activities, as measured by Physical Fitness Testing (PFT).	\$125,000.00	No
3.8	Additional Bus Driver/Custodian	In order to increase attendance rates and decrease Chronic Absenteeism for all students including Socioeconomically Disadvantaged, English Learners, Homeless and Foster Youth, the district will hire an additional Bus Driver/Custodian to maintain current bus routes and provide additional routes for after school tutoring.	\$70,000.00	Yes

## Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

While all actions in this goal were fully implemented as planned, not all students benefited equally from their implementation. Some challenges and successes are described below:

Action 3.1 and 3.3 PBIS and Attendance: These actions were successfully implemented; however challenges such as social distancing, contact tracing regulations, and covid restrictions limited access to larger, school-wide incentives. Although incentives were not completely implemented as planned, Di Giorgio maintained a 0% suspension rate, 0% expulsion rate and a 92% attendance rate as measured by KiDS data. One of our biggest challenges this year has been Chronic Absenteeism. According to KiDS data our Chronic rates have increased from 13.7% to 25% in 2021-2022 school year.

Action 3.2 College and Career Readiness: Due to Covid restrictions students were unable to attend field trips to local and out of town colleges. Students were able to research colleges and take virtual trips to campuses. In March, after Covid restrictions were eased, a limited number of students were able to attend our local Leaders in Life conference which promotes college and career readiness, leadership and communication skills.

Action 3.4 Nutrition Services: This action was successfully implemented throughout the 2021-2022 school year. Students were able to receive a healthy breakfast and snacks were provided to our after school tutoring students.

Action 3.5 Parent Project: Due to Covid restrictions Parent Training was not fully implemented. Materials were purchased; however parent classes were postponed until the 22-23 school year.

Action 3.6 Progress Monitoring: Students were successfully progress monitored in ELA and Math using local curriculum based measurements. Di Giorgio has increased in ELA from 12% At or Above grade level in ELA and maintained 5% At or Above Grade Level according to STAR Reading and Math results.

Action 3.7 School Connectedness: This action was successfully implemented throughout the 21-22 school year. Students were able to participate in activities related to school connectedness. Some activities were canceled or modified to accommodate Covid protocols and restrictions.

Action 3.8 After School Tutoring: A success in implementing this action was improved student grades for students who attended regularly. A challenge was students who felt attendance in the program was meant as punishment rather than a support system.

#### An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Di Giorgio Elementary School District conducted an analysis of material difference between Budgeted Expenditures and Estimated Actual Expenditures. The total budgeted for the 2021-22 LCAP Goal 3 was \$192,923. The estimated actual expenditures for the 2021-22 LCAP Goal 3 was \$56,401. This is a difference of \$136,522. The substantive difference was in actions 1: PBIS, 2: College and Career Readiness, 3: Attendance, 4: Nutritional Services, 5: Parent Project, 6: Progress Monitoring, and 7: School Connectedness. These differences are due to covid restrictions and surges that limited our PBIS and Attendance incentives, college trips were cancelled due to covid restrictions, zero funds were used for Nutritional Services due to an increase in reimbursement rates from state and federal nutrition services, materials were purchased for parent education classes; however parent training was cancelled due to covid restrictions and staff shortages, the purchase of the progress monitoring software was postponed to the 22-23 school year due to a lack of substitutes to provide required professional development and the continued use of programs already in use to progress monitor students, and the use of CARES Act funds to repair, maintain, and improve school facilities.

An explanation of how effective the specific actions were in making progress toward the goal.

LCAP Goal 3 is to establish and maintain an environment where students feel safe and engaged in their learning. According to KiDS data Di Giorgio's Year-to date Attendance rate for 2021-2022 is 92.2% which is an increase of 2.4% from 2020-2021. Chronically absent students decreased from 61 students trending chronically absent in 2020-2021 to 52 students trending chronically absent in 2021-2022.

Di Giorgio has maintained a 0% Middle School dropout Rate, suspension, and expulsion rate in 2021-2022 according to CALPADS and KiDS Data.

According to 2021-2022 CHKS results, 56% of 7th graders surveyed report feeling connected to school while 51% reported they have an adult that truly cares about them on campus.

Due to COVID-19 pandemic, the Physical Fitness Test was conducted with all 5th and 7th grade students attending Di Giorgio; however, data is not currently being uploaded into the CDE portal. The most current data reported by DataQuest is from 2018-19. The following results are from 2018-19:

5th Grade HFZ:  
Aerobic Capacity 42.9%  
Body Composition 35.7%  
Flexibility 39.3%

7th Grade HFZ:  
Aerobic Capacity 39.4%  
Body Composition 51.5%  
Flexibility 69.7%

Based on an analysis of these results, the district believes actions in Goal 3 are showing to be effective in making progress towards the goal. The increase in attendance is attributed to offering in person learning during the 2021-2022 school year. We were able to offer activities that promote physical, nutritional, and social emotional well being. These activities, resources, and programs provide students with a welcoming environment where they feel safe and engaged in learning.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on an analysis of Goal 3, the following changes will be made for the 2022-2023 LCAP year.

Remove Action 3.4: Nutritional Services

Removed Action 3.6: Progress Monitoring-The monitoring of RFEP and EL students was met through Goal 2, Action 3 and 6; FEP support and Web based Supplemental Materials.

Moved Action 3.8: After School Tutoring to Goal 1 Action 11

The following actions have been added in order to maintain an environment where students feel safe and are engaged at school:

Addition of Action 3.4: School Psychologist to help address the mental health needs of students and raise attendance rates through the coordination of RtI and PBIS.

Addition of Action 3.6: Family Community Liaison to raise attendance rates, increase parental involvement and provide resources to families to help bridge the gap between school and home.

Addition of Action 3.8: Additional Bus Driver/Custodian will help raise attendance rates by maintaining current bus routes and providing additional routes for after school tutoring.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

# Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students [2022-23]

Projected LCFF Supplemental and/or Concentration Grants	Projected Additional LCFF Concentration Grant (15 percent)

Projected Percentage to Increase or Improve Services for the Coming School Year	LCFF Carryover — Percentage	LCFF Carryover — Dollar	Total Percentage to Increase or Improve Services for the Coming School Year
49.11%	23.38%	\$400,298.04	72.49%

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

## Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

Di Giorgio Elementary is a one school district and as such, all action steps that are schoolwide are also districtwide. The following actions are being provided on a schoolwide basis, but are principally directed toward Low-income, English learners, and Foster Youth.

Goal 1: The Di Giorgio School District will increase student achievement and Goal 2: All English Learners will become reclassified by the time they graduate from DI Giorgio School

A review of the needs, conditions, and circumstances of our Socioeconomically Disadvantaged, English Learners, and Foster Youth indicates an achievement gap between All Students and English Learners.

In ELA, 16% of “all students” scored At or Above Grade Level on the spring 2020-2021 STAR Reading Assessment, while 2% of English Learners were At or Above Grade Level. In Math, 33% of “all students” scored At or Above Grade Level on the Spring 2021 STAR Math Assessment, while 10% of English Learners scored in the same category. The district’s English learner reclassification rate was 14.6% in 2020-2021. ELPAC scores show 31% of English learners are making progress toward English proficiency, but 47% of English Learners

decreased at least one level on the 2020-2021 ELPAC. CA Science Test scores show 7.84% of “all students” met or exceeded standards in science, while 0% of English learners met or exceeded the standards in science.

Additionally, many of our EL and low-income students have little to no access at home to devices that connect them to the internet. Many of our EL and low-income students do not have access to a neighborhood library where they could find STEM-related materials. Many of our EL and low-income students have very limited travel experiences and trips such as ones to Camp KEEP helps teachers build on classroom instruction and expose students to worlds outside their own. In consideration of this low performance in ELA and Math and the reported circumstances of English Learners and low-income students, we plan to:

Purchase supplemental Math, ELA, Science, Social Studies, and ELD materials to support the academic achievement of English Language Learners, low income, any future foster youth/homeless. (1.1)

Provide professional development in CCSS and STEM to keep our teachers abreast on research based practices that meet the unique needs of our students. (1.2)

Send sixth graders to Camp KEEP in order to provide a hands-on science learning experience. (1.3)

Hire two intervention teachers to provide students with reading intervention support to better meet the needs of unduplicated pupils who are in need of Tier 2 or Tier 3 support. (1.4)

Maintain library media, management software, increase in hours and provide Professional Development for Library Clerk in order to maintain titles that are culturally relevant to our English Language Learners and Socioeconomically Disadvantaged students. (1.5)

Update technology and related infrastructure, purchase desktop and laptop computers, and replace outdated computers to support technology use in the classroom and increase access to technology for our English learners. (Action 1.6)

Maintain staff to provide one teacher per grade level K-8 and avoid combination classes. Avoiding combination classes will better support the academic needs of our unduplicated pupils by allowing teachers to provide more focused instruction based on CCSS (1.8)

Provide Parent training on how to support the academic needs of students at home for parents of unduplicated pupils. (1.9)

Provide ARMOR Academy to decrease anxiety to return to school and diagnose literacy needs of all students but especially Socioeconomically Disadvantaged, and Foster Youth, and English Learners (1.10)

Continue to support After School Program with tutoring services for English Learners who are below grade level in English Language Arts and Mathematics. (1.11)

Goal 3: The Di Giorgio School District will establish and maintain an environment where students feel safe and engaged in their learning every day.

A review of the needs, conditions, and circumstances of our Socioeconomically Disadvantaged, English Learners, and Foster Youth indicates that our SED, Homeless and Foster Youth, and English Learners experience a high rate of Chronic Absenteeism.

According to the most recent Healthy Kids Survey from 2021-22, 56% of 7th graders surveyed report feeling connected to school while 51% reported they have an adult that truly cares about them on campus. According to KiDS Data as of May 2022, the chronic absenteeism rates for 2021-22 for All Students was 25%, English Learners' Chronic Absenteeism was 21.25% and SED students Chronic Absenteeism Rate was 24.64%.

To improve students' feelings of connectedness and to continue to support the attendance needs of our ELs and SED students we plan to:

Continue to review and update SWPBIS system, including student incentives, yearly and provide PD as necessary for staff that focuses on positive reinforcement that meets the behavior needs of our English Learners. (3.1)

Continue to provide college and career ready opportunities with college visits and tours to become part of 7th and 8th grade leadership opportunities. The purpose of these trips is to motivate students to maintain good attendance in order to be prepared for college readiness and scholarship opportunities. (3.2)

Develop and implement a comprehensive student attendance improvement plan to include attendance incentives that promote the importance of attendance for English Learners, SED, and Foster Youth. (3.3)

Hire School Psychologist to coordinate Rtl, PBIS, and SST meetings as well as provide mental health support to students including Socioeconomically Disadvantaged, English Learners, and Foster Youth, that are in need of basic counseling support to eliminate mental health barriers of learning and who may not have access to other forms of mental health care. (3.4)

Continue to advertise and provide parent training for parents of unduplicated pupils. These trainings provide parents with tools and resources they need to help their children succeed. (3.5)

Increase involvement of all families, including families of Socioeconomically Disadvantaged, English Learners, and Homeless and Foster Youth by providing a part time certificated personnel to support learning at home and plan and coordinate district events focused on bridging the gap between home and school. (3.6)

Hire an additional Bus Driver/Custodian to increase attendance rates and decrease chronic absenteeism for students who do not have consistent, reliable transportation, including Socioeconomically Disadvantaged, English Learners, and Foster Youth. (3.8)

We believe these actions will support English Learners, Low Income, and Foster Youth students in improving their absenteeism rate; raise their level of connectedness to the school; maintain a safe educational environment conducive to learning, improve the percentage of students scoring in the Healthy Fitness zone as measured by Physical Fitness Testing, as described in LCAP Goal 3.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

A thorough review of Stakeholder Input and State and Local Assessments showed multiple needs for our English Learners. On the 2020-2021 ELPAC 13.5% scored proficient. Our ELPAC results also indicated a significant downward shift in performance levels. Many of our ELs slipped from Level 3, Moderately Developed in 2018-2019 to Level 2, Somewhat Developed in 2020-2021. Students scoring in Level 3 dropped from 50% to 28% and those scoring Level 2 increased from 29% to 43%. There is a significant achievement gap between our English Learners and English Only students in English Language Arts; according to STAR Reading, in the Spring of 2022, 5% of our current ELs scored proficient compared to 22% of All Students which highlights the fact that achievement gaps continue to exist for some students.

As a result of the pandemic, the District has been limited to the support the District can provide to the families of our English Learners to promote fluency and English language proficiency in the home. The following targeted actions have been planned for the 2021-2022 school year to increase the academic achievement of English Learners and to accelerate their English language Proficiency:

Continued Professional Development for teachers and administrators on the use of research based ELD materials and strategies, as well as ELPAC language proficiency levels, rubrics and implementation in the classroom. (2.1)

Continue to schedule Initial ELPAC testing for all TK and Kindergarten students in August, before the first day of instruction to ensure students miss as little time out of the classroom as possible (2.2)

Continue the use of web-based supplemental ELD and other supplemental materials that are aligned to the CCSS. (2.3)

Maintain current paraprofessional support for ELD Program to provide the needed support during small group instruction for our English Learners. (2.4)

Maintain hours of part-time certificated EL Coordinator to coordinate, implement ELD program and analyze ELPAC and local assessment results to target student needs in specific domains. (2.5)

We believe these actions will result in increased academic achievement and reclassification rates for our English Learner students as described in the Measuring and Reporting Results section of Goal 2.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Di Giorgio Elementary School District used the additional grant funding at Di Giorgio School by hiring two intervention teachers to support reading and math intervention ( Goal 1, Action 4), retain the hours of our Library clerk to provide increased access to print and online materials (Goal 1, Action 5), maintain one teacher per grade level in order to avoid combination classes (Goal 1, Action 8), increase hours of paraprofessionals who support our ELD program (Goal 2, Action 4), retain ELD Coordinator/Teacher to coordinate and implement ELD program (Goal 2, Action 5), hire part time school psychologist to provide mental health services (Goal 3, Action 4), hire a community family liaison to support learning at home and bridge the gap between home and school (Goal 3, Action 6), and hire an additional bus driver to increase attendance rates and decrease chronic absenteeism (Goal 3, Action 8).

<b>Staff-to-student ratios by type of school and concentration of unduplicated students</b>	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	NA	1:26
Staff-to-student ratio of certificated staff providing direct services to students	NA	1:18

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

*For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [lcff@cde.ca.gov](mailto:lcff@cde.ca.gov).*

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
  - Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).

The LCAP template, like each LEA’s final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for educational partners and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA’s diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the California School Dashboard (Dashboard), how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions that the LEA believes, based on input gathered from educational partners, research, and experience, will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

## **Plan Summary**

### **Purpose**

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

## Requirements and Instructions

**General Information** – Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

**Reflections: Successes** – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, input from educational partners, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

**Reflections: Identified Need** – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category or any local indicator where the LEA received a “Not Met” or “Not Met for Two or More Years” rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? An LEA that is required to include a goal to address one or more consistently low-performing student groups or low-performing schools must identify that it is required to include this goal and must also identify the applicable student group(s) and/or school(s). Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

**LCAP Highlights** – Identify and briefly summarize the key features of this year's LCAP.

**Comprehensive Support and Improvement** – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified:** Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools:** Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

## Engaging Educational Partners

## Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (*EC Section 52064[e][1]*). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the educational partners that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: <https://www.cde.ca.gov/re/lc/>.

## Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for engagement of educational partners in the LCAP development process:

### **Local Control and Accountability Plan:**

For county offices of education and school districts only, verify the LEA:

- a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.
- b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.

- c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.
- d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.
- e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

**Prompt 1:** “A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.”

Describe the engagement process used by the LEA to involve educational partners in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required educational partners as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA’s philosophical approach to engaging its educational partners.

**Prompt 2:** “A summary of the feedback provided by specific educational partners.”

Describe and summarize the feedback provided by specific educational partners. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from educational partners.

**Prompt 3:** “A description of the aspects of the LCAP that were influenced by specific input from educational partners.”

A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the educational partner feedback described in response to Prompt 2. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, “aspects” of an LCAP that may have been influenced by educational partner input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions

- Inclusion of action(s) as contributing to increased or improved services for unduplicated services
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures
- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

### Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

## **Focus Goal(s)**

**Goal Description:** The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

**Explanation of why the LEA has developed this goal:** Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

## **Broad Goal**

**Goal Description:** Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

**Explanation of why the LEA has developed this goal:** Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

## **Maintenance of Progress Goal**

**Goal Description:** Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

**Explanation of why the LEA has developed this goal:** Explain how the actions will sustain the progress exemplified by the related metrics.

## **Required Goals**

In general, LEAs have flexibility in determining what goals to include in the LCAP and what those goals will address; however, beginning with the development of the 2022–23 LCAP, LEAs that meet certain criteria are required to include a specific goal in their LCAP.

**Consistently low-performing student group(s) criteria:** An LEA is eligible for Differentiated Assistance for three or more consecutive years based on the performance of the same student group or groups in the Dashboard. A list of the LEAs required to include a goal in the LCAP based on student group performance, and the student group(s) that lead to identification, may be found on the CDE’s Local Control Funding Formula web page at <https://www.cde.ca.gov/fg/aa/lc/>.

- **Consistently low-performing student group(s) goal requirement:** An LEA meeting the consistently low-performing student group(s) criteria must include a goal in its LCAP focused on improving the performance of the student group or groups that led to the LEA’s eligibility for Differentiated

Assistance. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, this student group or groups. An LEA required to address multiple student groups is not required to have a goal to address each student group; however, each student group must be specifically addressed in the goal. This requirement may not be met by combining this required goal with another goal.

- **Goal Description:** Describe the outcomes the LEA plans to achieve to address the needs of, and improve outcomes for, the student group or groups that led to the LEA's eligibility for Differentiated Assistance.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the student group(s) that lead to the LEA being required to develop this goal, how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the student group(s), and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes identified in the goal description.

**Low-performing school(s) criteria:** The following criteria only applies to a school district or COE with two or more schools; it does not apply to a single-school district. A school district or COE has one or more schools that, for two consecutive years, received the two lowest performance levels on all but one of the state indicators for which the school(s) receive performance levels in the Dashboard and the performance of the "All Students" student group for the LEA is at least one performance level higher in all of those indicators. A list of the LEAs required to include a goal in the LCAP based on school performance, and the school(s) that lead to identification, may be found on the CDE's Local Control Funding Formula web page at <https://www.cde.ca.gov/fg/aa/lc/>.

- **Low-performing school(s) goal requirement:** A school district or COE meeting the low-performing school(s) criteria must include a goal in its LCAP focusing on addressing the disparities in performance between the school(s) and the LEA as a whole. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, the students enrolled at the low-performing school or schools. An LEA required to address multiple schools is not required to have a goal to address each school; however, each school must be specifically addressed in the goal. This requirement may not be met by combining this goal with another goal.
- **Goal Description:** Describe what outcomes the LEA plans to achieve to address the disparities in performance between the students enrolled at the low-performing school(s) and the students enrolled at the LEA as a whole.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the schools(s) that lead to the LEA being required to develop this goal; how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the school(s); and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes for students enrolled at the low-performing school or schools identified in the goal description.

### **Measuring and Reporting Results:**

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g., high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–21 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g., graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric:** Indicate how progress is being measured using a metric.
- **Baseline:** Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 1 Outcome:** When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 2 Outcome:** When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 3 Outcome:** When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.
- **Desired Outcome for 2023–24:** When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)
Enter information in this box when completing the LCAP for <b>2021–22</b> .	Enter information in this box when completing the LCAP for <b>2021–22</b> .	Enter information in this box when completing the LCAP for <b>2022–23</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2023–24</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2024–25</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2021–22</b> or when adding a new metric.

The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

**Actions:** Enter the action number. Provide a short title for the action. This title will also appear in the action tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No. (**Note:** for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

**Actions for English Learners:** School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC* Section 306, provided to students and professional development activities specific to English learners.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

**Goal Analysis:**

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.
- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

### Requirements and Instructions

***Projected LCFF Supplemental and/or Concentration Grants:*** Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of low income, foster youth, and English learner students.

**Projected Additional LCFF Concentration Grant (15 percent):** Specify the amount of additional LCFF concentration grant add-on funding, as described in EC Section 42238.02, that the LEA estimates it will receive in the coming year.

**Projected Percentage to Increase or Improve Services for the Coming School Year:** Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

**LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

**LCFF Carryover — Dollar:** Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

**Total Percentage to Increase or Improve Services for the Coming School Year:** Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEAs percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

**Required Descriptions:**

**For each action being provided to an entire school, or across the entire school district or COE, an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.**

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 CCR Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

**Principally Directed and Effective:** An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA’s goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;
- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and
- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7 percent lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action[s])

These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100 percent attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

**COEs and Charter Schools:** Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

## **For School Districts Only:**

### **Actions Provided on an LEA-Wide Basis:**

***Unduplicated Percentage > 55 percent:*** For school districts with an unduplicated pupil percentage of 55 percent or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

***Unduplicated Percentage < 55 percent:*** For school districts with an unduplicated pupil percentage of less than 55 percent, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

### **Actions Provided on a Schoolwide Basis:**

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

**For schools with 40 percent or more enrollment of unduplicated pupils:** Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

**For school districts expending funds on a schoolwide basis at a school with less than 40 percent enrollment of unduplicated pupils:** Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

**A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.**

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided on an LEA-wide or schoolwide basis or provided on a limited basis to unduplicated students. A limited action is an action that only serves foster youth, English learners, and/or low-income students. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

For any action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage. See the instructions for determining the Planned Percentage of Improved Services for information on calculating the Percentage of Improved Services.

**A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.**

An LEA that receives the additional concentration grant add-on described in EC Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of full time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Data Entry Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Data Entry Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. With the exception of the Data Entry Table, the word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)

- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2022–23 LCAP, 2022–23 will be the coming LCAP Year and 2021–22 will be the current LCAP Year.

## Data Entry Table

The Data Entry Table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included. In the Data Entry Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF apportionment calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services.
- If "Yes" is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
  - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
  - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
  - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Service for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### Contributing Actions Table

- 4. Total Planned Contributing Expenditures (LCFF Funds)
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column
- 5. Total Planned Percentage of Improved Services
  - This percentage is the total of the Planned Percentage of Improved Services column
- Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)
  - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- 6. Estimated Actual LCFF Supplemental and Concentration Grants
  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- 4. Total Planned Contributing Expenditures (LCFF Funds)
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds)

- 7. Total Estimated Actual Expenditures for Contributing Actions
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds)
- Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4)
- 5. Total Planned Percentage of Improved Services (%)
  - This amount is the total of the Planned Percentage of Improved Services column
- 8. Total Estimated Actual Percentage of Improved Services (%)
  - This amount is the total of the Estimated Actual Percentage of Improved Services column
- Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8)

**LCFF Carryover Table**

- 10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 + Carryover %)
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- 11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- 12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- 13. LCFF Carryover — Percentage (12 divided by 9)
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).
