

# PURPOSE

**P**roviding **U**plifting **R**esources **P**rioritizing **O**ur **S**tudents' **E**ducation

## GROWTH

Ensure all students make progress toward grade-level standards and staff have the organizational resources needed to support this progress through the use of data, effective instructional practices, and targeted interventions.

## ENGAGEMENT

Build community trust and confidence in Kern's public education system by maintaining a safe and supportive climate where parents are engaged in their child's education and work in partnership with educators to provide an environment for students to thrive.

## SUPPORT

Provide the highest quality educators, staff, curriculum, and support services to Kern County school districts and our community's most vulnerable student populations, while fostering partnerships with public and private organizations for the betterment of all students and families during their educational journey.
